1 Assignment of Rights

For good and valuable consideration, the Author hereby assigns (where relevant by way of present assignment of future rights) to the Assignee, with full title guarantee, all copyright and other intellectual property and related rights in the Article throughout the world for the term of copyright, including any renewals, reversions, revivals and extensions.

If the Assignee elects not to publish the Article for any reason, all publishing rights under this Agreement will revert to the Author.

2 Use of Article Versions

- a) For purposes of this Agreement: (i) references to the "Article" include all versions of the Article; (ii) "Accepted Manuscript" means the version of the Article accepted for publication, but prior to copy-editing and typesetting; and (iii) "Version of Record" means the version of the Article published by the Assignee, after copy-editing and typesetting.
- b) The Assignee grants to the Author the right to make the Accepted Manuscript available for public release on any of the following six (6) months after first publication (the "Embargo Period"): their own personal, self-maintained website; their employer's internal website; or their institutional and/or funder repositories. Accepted Manuscripts may be deposited in such repositories immediately upon acceptance, provided they are not made publicly available until after the Embargo Period. The foregoing rights will not apply to any detailed editing and graphic elements contributed by the Assignee.

The rights granted to the Author with respect to the Accepted Manuscript are subject to the conditions that (i) the Accepted Manuscript is not enhanced or substantially reformatted by the Author or any third party, and (ii) the Author includes on the Accepted Manuscript an acknowledgement in the following form, together with a link to the published version on the publisher's website: "This version of the article has been accepted for publication, after peer review (when applicable) but is not the Version of Record and does not reflect post-acceptance improvements, or any corrections. The Version of Record is available online at: [http://dx.doi.org/\[insert DOI\]](http://dx.doi.org/[insert DOI]). Use of this Accepted Version is subject to the publisher's Accepted Manuscript terms of use <https://www.springernature.com/gp/open-research/policies/accepted-manuscript-terms>". Under no circumstances may an Accepted Manuscript be shared or distributed under a Creative Commons or other form of open access licence.

- c) The Assignee grants to the Author the following non-exclusive, non-assignable rights to the Version of Record, provided that, (i) the rights must not be exercised before first publication of the Article in the Journal by the Assignee; and (ii) when reproducing the Version of Record or extracts from it, the Author acknowledges the Assignee's ownership and references first publication in the Journal according to current citation standards. As a minimum, the acknowledgement must state: "First published in [Journal name, volume, page number, year] by Springer Nature".
- i. to reuse graphic elements created by the Author and contained in the Article, in presentations and other works created by them;
 - ii. the Author and any academic institution where they work at the time may reproduce the Article for the purpose of course teaching (but not for inclusion in course pack material for onward sale by libraries and institutions);
 - iii. to reuse the Version of Record or any part in a thesis written by the same Author, and to make a copy of that thesis available in a repository of the Author(s)' awarding academic institution, or other repository required by the awarding academic institution. An acknowledgement should be included in the citation: "Reproduced with permission from Springer Nature"; and

- iv. to reproduce, or to allow a third party to reproduce the Article, in whole or in part, in any other type of work (other than thesis) written by the Author for distribution by a publisher after an embargo period of 12 months.

3 Warranties & Representations

Author warrants and represents that:

- a)
 - i. the Author is the sole copyright owner or has been authorised by any additional copyright owner(s) to assign the rights defined in clause 1,
 - ii. the Article does not infringe any intellectual property rights (including without limitation copyright, database rights or trade mark rights) or other third party rights and no licence from or payments to a third party are required to publish the Article,
 - iii. the Article has not been previously published or licensed, nor has the Author committed to licensing any version of the Article under a licence inconsistent with the terms of this Agreement,
 - iv. if the Article contains materials from other sources (e.g. illustrations, tables, text quotations), Author has obtained written permissions to the extent necessary from the copyright holder(s), to license to the Assignee the same rights as set out in clause 1 but on a non-exclusive basis and without the right to use any graphic elements on a stand-alone basis and has cited any such materials correctly;
- b) all of the facts contained in the Article are according to the current body of research true and accurate;
- c) nothing in the Article is obscene, defamatory, violates any right of privacy or publicity, infringes any other human, personal or other rights of any person or entity or is otherwise unlawful and that informed consent to publish has been obtained for any research participants;
- d) nothing in the Article infringes any duty of confidentiality owed to any third party or violates any contract, express or implied, of the Author;
- e) all institutional, governmental, and/or other approvals which may be required in connection with the research reflected in the Article have been obtained and continue in effect;
- f) all statements and declarations made by the Author in connection with the Article are true and correct; and
- g) the signatory who has signed this agreement has full right, power and authority to enter into this agreement on behalf of all of the Authors.

4 Cooperation

The Author will cooperate fully with the Assignee in relation to any legal action that might arise from the publication of the Article, and the Author will give the Assignee access at reasonable times to any relevant accounts, documents and records within the power or control of the Author. The Author agrees that any Assignee affiliate through which the Assignee exercises any rights or performs any obligations under this Agreement is intended to have the benefit of and will have the right to enforce the terms of this Agreement.

5 Author List

Changes of authorship, including, but not limited to, changes in the corresponding author or the sequence of authors, are not permitted after acceptance of a manuscript.

6 Post Publication Actions

The Author agrees that the Assignee may remove or retract the Article or publish a correction or other notice in relation to the Article if the Assignee determines that such actions are appropriate from an editorial, research integrity, or legal perspective.

7 Controlling Terms

The terms of this Agreement will supersede any other terms that the Author or any third party may assert apply to any version of the Article.

8 Governing Law

This Agreement will be governed by, and construed in accordance with, the laws of England and Wales. The courts of London, UK will have exclusive jurisdiction.
